

Palate-2-Palette

Saturday, April 4 2009

Much like the fields of visual, performing, culinary and floral arts, in the field of craniofacial surgery there is a blending of technical knowledge and artistry. Through reconstructive facial surgery, the surgeon becomes an artist...returning the patient's face to a normal appearance.

Palate-2-Palate is an annual event benefiting the Craniofacial Foundation of America (CFA), a non-profit organization dedicated to helping people with facial deformities lead normal lives. The CFA provides financial, emotional, and educational support to families with children having facial or cranial abnormalities mostly from birth.

The Event will feature fine art, culinary art, floral art, and the performing arts and a new youth exhibit. At 9 Southside galleries and business locations, a visual artist will be paired with a chef/restaurant, floral designer and wine sponsor. Guests will stroll among the 9 locations, meeting featured artists, viewing the art, and enjoying the fine cuisine. For those purchasing Patron Level tickets, the evening will end with the "Bubbles & Sweets" after-party featuring live music, and artistically created cuisine.

**You can help us continue to help as many children as possible obtain the treatment they need.
You can help us Restore Faces, Restore, Hope, and Restore Dignity**
